

## THE LIVE INTERACTIVE QUIZ SHOW

Last Man Standing is the live, fast-paced and interactive game show that combines classic quiz shows with nostalgic party games and gives them a vibrant, 21st century twist.

It's a quiz like no other.

It'll test your nerves, your skill AND your knowledge.

With plenty of audience interaction throughout, Last Man Standing is a rollercoaster ride of a quiz.

Think of it as a **Generation Game**, **QI** and **Total Wipeout** mashup and you'll have some idea what it's all about!

Last Man Standing regularly plays at venues such as **Concrete** and **House of Wolf** in London.

They have also taken their quiz on the road and performed at many UK festivals including **Isle of Wight**, **Jubilee Festival**, **Festibelly** and **Bestival**.

## How it works

As players rock up they're each given a green "True" and red "False" card that they'll be waving in the air during the quiz.

In each of the themed rounds our glamorous and sassy comperes will read out a series of quirky and unbelievable statements on a variety of topics.

The audience has to decide whether a statement is true or false by waving their true or false cards in the air.

To help the audience decide, we give them a key fact about the topic which may, or may not, change their mind. Even if players have no clue what the answer is, everyone has a 50 / 50 chance of getting it right and progressing through the game.

Players with the right answer stay standing and go through to the next stage.

## Team Tactics

When in teams, players can hedge their bets. If they don't know an answer, they can get some of their team to vote with their "True" cards and the rest to vote with their "False" cards. This guarantees some of their team is through to the next stage.

When we have a handful of players left standing, they're brought up onto stage to take part in a special Stage Challenge to find the winner of that round.

## The Stage Challenges

Each of the stage challenges, such as *Play Your Stars Right*, are games that give a nod towards the gameshows of yesteryear.

Other stage challenges include *Last Man Limbo*, *Chubby Bunnies* and *Come Fly With Me*.

## Half Time Fun

During the break we'll set everyone a challenge (building a tower out of marshmallows and spaghetti, balloon modelling, etc) to see which team can impress us the most.

The best team wins a great prize.

## The Final Showdown

At the end of the night the winners from each round are entered into the Final Showdown to see who will be crowned **Last Man Standing!**

## Everyone's a winner

While the aim of Last Man Standing is to find the best player of the night, in true game show tradition, nobody goes home empty handed! Everyone gets a small prize throughout the game.

"The LMS gameshow was an absolute highlight from this year's *Massive in China* tent – it's a wild mix of revelry that had the audience and myself in hysterics throughout.
